Lufkin State Supported Living Center

Lufkin State Supported Living Center

The 24- hour residential facility serves about 264 people ages 14-91. The Center provides campus-based services and support to people with intellectual and developmental disabilities.

The non-profit organization provides support to the Lufkin State Supported Living Center in tangible ways through public education, solicitation, fundraising and grant writing.

SANTA'S WORKSHOP

The holiday fundraiser assists families, volunteers, friends and donors with the opportunity to sponsor parties and provide gifts for each of the residents served at the Lufkin State Supported Living Center.

How to get involved

Financial donations help the non-profit personalize gifts. Funds also assist in providing décor and parties for each of the 22 campus homes. Only unrestricted financial donations are accepted during the holiday season.

Gifts can be shipped or delivered for a specific person. Please send unwrapped gifts.

In-kind gift donations should be new, small (about the size of a shoe box) and unwrapped so that they can be inventoried.

Surplus donations and financial contributions received to support Santa's Workshop can be used to benefit the residents throughout the year.

Due to COVID-19 precautions, visitors are currently not able to gift wrap, host parties and assist with Christmas Eve delivery. If interested in those activities, contact Community Relations closer to time to confirm the visitor policies at 936.853.2759

THANK YOU FOR YOUR SUPPORT!
